

PUMPS, PENS AND NON-DIABETES MEDICATIONS

INSULIN PUMPS We try not to change Infusion sites during Day Camp. Please bring TWO change-outs to camp on intake day. Bring reservoirs, infusion sets, IV prep, dressings, and EMLA cream if used. Also bring extra batteries, your inserter; and anything else you use. Each camper's pump supplies are collected and labeled during intake and safely stored with medical staff. Unused supplies will be returned when come to collect your camper at the end of the week. *Please remember to pick up those supplies with your child so we don't have to charge you \$10 to ship them.*

PLEASE DO NOT ARRIVE AT CAMP NEEDING TO CHANGE YOUR PUMP SITE. Please change BEFORE or AFTER the camp day. Thanks!

INSULIN PENS: IF your child uses a pen with REFILL cartridges, please bring the PEN with you. It will be labeled with the camper's name and returned at the end of camp.

CONTINUOUS GLUCOSE MONITORS (CGMs): We try not to change CGM sensors during Day Camp. Please bring an extra sensor and any other supplies used for sensor changes (IV prep, skin-tac, dressings, etc.)

NON-DIABETES MEDICATIONS:

- No medications, including over-the-counter items and vitamins, are permitted in the camper areas.
- All medications must be brought to the health staff during Intake. They will be labeled and safely stored with them.
- All prescriptions must be in their original bottle with a pharmacy label. If the current dose does not match the dose on the label you must also bring a written note or prescription from the prescribing physician. Otherwise, we cannot accept/dispense it. (Please send a few extra pills for the session in case one is dropped.)
- All medications are dispensed by the medical staff.
- Over-the-counter (OTC, non-prescription) medicines (including vitamins) will NOT be administered at camp unless you provide a signed request from the child's physician that we do so.
- If your child takes allergy or asthma medication, PLEASE remember to bring it to camp even if he/she has not used it recently. Allergies may be triggered in the camp environment.
